

## Report for Joint/Usage Research Program for Endocrine/Metabolism (Fiscal Year 2026)

Date: (Year)/(Month)/(Day)

To Director of Institute for Molecular and Cellular Regulation, Gunma University

Principal Applicant	
Institution	Gunma University
Position	Professor
Name	Taro Gunma

We report on the results of joint research in fiscal year 2026 as below.

(Program No. )

1. Research Title					
2. Purpose and Significance of the research project					
3. Period of The Program	April 1, 2026~ March 31, 2027				
4. Project Members					
Name	Age	Sex	Affiliation	Position	Role
(Principal Applicant) Taro Gunma	40	M	University of ----, Department of ----	Professor	Project director
(Research Collaborators) Hanako Mae-basi	28	F	Institute for Molecular and Cellular Regulation	Graduate student	Cell analysis
※If additional space is required, please attach a separate sheet.					
5. Collaborating Researcher of IMCR	Name of Laboratory		Name		

6. Research Plans

7. Research results:

Please describe the details of the contribution of the joint research with IMCR in obtaining the results.

8. Present status of academic conference presentations and research papers associated with the results of the joint research, and exchange of information on the joint research with the collaborating researcher at IMCR.

(As much as possible, please state papers that include the names of the collaborating researcher at IMCR or papers stating that the research was supported by the Joint Research Program with IMCR.

Regarding papers, please send a PDF file together with the report to the email address of the general affairs section of the Institute.) Office of General Affairs: [kk-msomu4@gunma-u.ac.jp](mailto:kk-msomu4@gunma-u.ac.jp)

- ① Please list the publications that include the name of the collaborating researcher from IMCR and send a reprint of each publication to IMCR.
- ② Please list the publications that include a description that the research was supported by the Joint Research Program with IMCR and send a reprint of each publication to IMCR.
- ③ List up to 3 conferences (name of conference, date of conference, and title of the presentation).
- ④ Exchange of information exchange with collaborating researcher from IMCR (please list main points of communication).
